 25X1 REPORT NO.

1. A civil aviation radio center is under construction at Zaporozhe, according to a report dated 3 December 1947.
2. Radio - telephone networks were to be put into service to connect Moscow with Krasnodar, Tashkent, and Ashkhabad in mid-November 1947. By the same time, a similar connection was expected to exist between Berlin and Prague for the GVF (Civil Air Fleet).
3. Each regional directorate of the GVF was to send a radiogoniometric station chief and a radio beacon chief to Moscow on 7 December 1947 to participate in an assembly, possibly for instructional purposes, which was to last 45 days.
4. An aerial navigation beacon is under construction at Arkhangel, according to a report dated 1 December 1947.
